

Early Learning Centre

Enrolment Information for Children Under Two Years Old

Welcome to New Beginnings Early Learning Centre.

To make settling easier for your child you are required to visit the centre **three** times prior to enrolment (for approximately 30-45 minutes). This enables us and your child to get to know one another while you are close by and then when your child starts, there will have familiar faces around after you have left. The best time to visit is around 10:15am (after morning tea). We ask that you book your visits for specific days and times, as we prefer to ensure continuity for the children attending and ensure that only one family visits at a time.

Please return your enrolment form to us on your second visit so all the staff in the Piwaiwaka Room (under two's) have a chance to familiarise themselves with your child's needs.

You will need to provide a good supply of nappies. We use unscented 'wet wipes' in the centre but if your child has sensitive skin you may prefer to provide us with a

different brand (not home made in tubes please).

Please name everything your child brings to the centre- clothes, creams, shoes, bag etc

Please bring at least two complete changes of clothes daily.

You will need to supply bottles and formula, or any special milk you use instead, we do supply cow's milk. Please clearly name all bottles, and formula containers and ensure they are clean and ready for use. You do not need to supply a water cup, but you may do so if you wish. Water is offered throughout the day.
